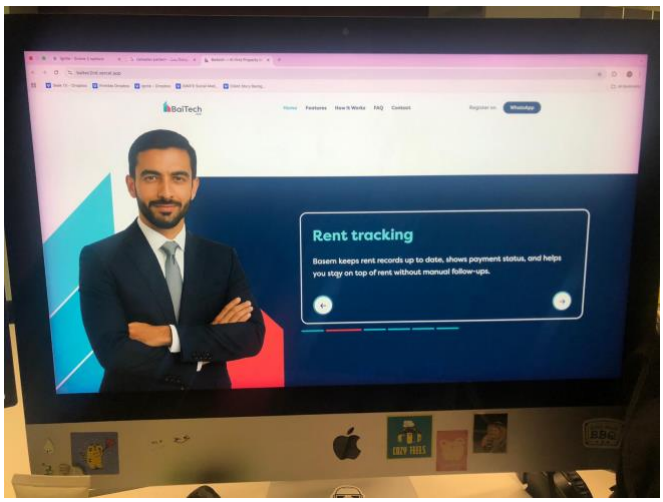
BaiTech website feedback

1- For all sections:

Regarding the branding of BaiTech on the website, for the elements that we took from the logo itself, we can't change the positions and sizes, we can only use it exactly how it is in the logo. For example, we can put it behind Basem.

2- For the below section:

We can keep Basem's image for the first point (Let Basem Handle It), but for the points after, we have to keep a phone, in a WhatsApp chat with Basem. The text messages are below for each point.



The below is for the phone mock-ups, they're a conversation between the property owner and Basem for each of the points.

Rent tracking

Property owner:
How much rent was collected this month?

Basem:
So far, 7 units have paid.
Total collected: 1,400 BHD.
3 units are still pending.
Want me to send reminders?

Maintenance management

Property owner: Any update on the AC in Unit 12?

Basem:
Yes 👍
You approved the repair for 25 BHD.
Technician is coming tomorrow at 4 PM.
I'll update you once it's done.

Tenant information

Property owner: What's Ahmed's rent in Unit 5?

Basem:
Ahmed – Unit 5
Rent: 220 BHD
Balance: 0 BHD
Lease ends 30 Nov 2026.

Unit status updates

Property owner: What's going on with Unit 8?

Basem:
Unit 8 is occupied.
Rent is paid.
No open maintenance requests.

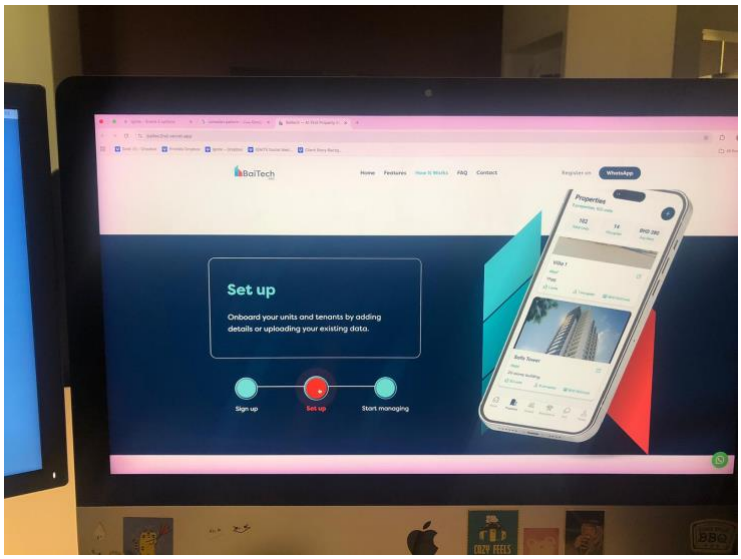
Instant updates and responses

Property owner: Any pending payments today?

Basem:
Yes.
2 units haven't paid yet.
Should I notify them?

3- For the below section:

Let's keep the first 2 points (Sign up and Set up), remove "Starting managing" and add the below points instead



- **Manage your properties**

Get a complete overview of your units, rent activity, availability, and performance from one dashboard.

Screenshot: will share it once it's ready

- **Manage your tenants**

Access organized tenant information, track balances, and monitor lease details with clarity.

Screenshot: will share it once it's ready

- **Handle maintenance efficiently**

Receive maintenance requests, review them, assign providers, set time and cost, and track progress until completion.

Screenshot: will share it once it's ready

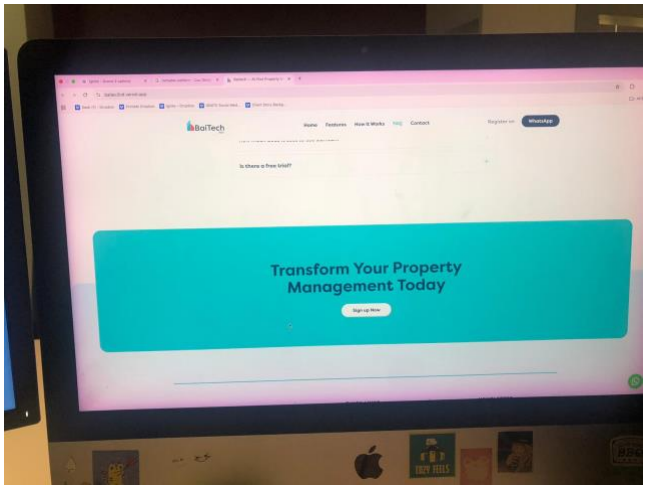
- **Manage through WhatsApp**

Stay connected through Basem. Ask questions, request updates, and take action directly on WhatsApp, anytime.

Screenshot: will share it once it's ready

New section:

We will need a design for a new section, it will be placed above the below section.



Text: BHD 1 per unit
